

## “HVAC&R JAPAN 2026” Photography and Use of Likeness

During HVAC &R JAPAN 2026, photographs and videos may be taken within the venue by the organizer, its contractors, exhibitors, and members of the media for purposes such as event records, publicity, and promotion.

Visitors may appear in such photographs or videos.

These materials may be used for official records of the exhibition, publicity, advertising, announcements, websites, social media, printed materials, and media coverage.

Thank you for your understanding.

Visitors are permitted to take photographs and videos within the venue for personal use only, provided that such activities do not disturb other visitors or exhibitors.

### **Prohibited Photography**

The following activities are strictly prohibited:

- Photography that disrupts or may disrupt event operations
- Photography that causes inconvenience, harm, or disadvantage to other visitors, exhibitors, or related parties
- Photography in areas or at events where photography is prohibited
- Photography that infringes copyrights, trademarks, portrait rights, or other intellectual property rights
- Photography that violates laws or public order and morals
- Photography for commercial purposes without prior approval
- Any other photography deemed inappropriate by the organizer

The organizer shall not be held responsible for any disputes or issues arising from photography activities.
